Citizens of Anniston, it is with great excitement that we are proud to announce the completion of our new **City Website!**

City Officials plan to **launch the new Website this Wednesday, December 16, 2020**. Please note, our new website will have the same online address as the previous site. Furthermore, our new site is “mobile friendly” and will adjust to use on smartphone screens.

The launch of our new Website will be accompanied by a tutorial video on how to utilize the new site. This tutorial video will be released on the city’s social medias, as well as on the new website itself.

In closing, we are optimistic in regard to the positive impact this new website will have in terms of increasing the connectivity between citizens and city leadership! It will also serve as a great first impression of the Model City, thus we thank all those involved with its creation!

You can take a **sneak peak** at what the new site will look like here:
